At the Market is one of a series of SFA Big Books developed by the Success for All Foundation to help young children explore theme-related ideas and to build their book sense: their enjoyment of books and their understanding of how printed words and pictures communicate meaning.

The Success for All Foundation programs for young learners provide children with experiences that foster the abilities and attitudes necessary for their success in the primary grades. These programs support the development of children’s language, literacy, math, science, interpersonal, and self-help skills.
