How Will We Get There?

Sally Francis Anderson
We could go by car or we could go by plane.
We could go by boat or we could go by train.
We could go by wagon or we could go by bus.
We could go by truck or we could go by us.
We could go by bike or we could go by balloon.
No matter how we get there, let’s go soon!

How Will We Get There? is one of a series of SFA Big Books developed by the Success for All Foundation to help young children explore theme-related ideas and to build their book sense: their enjoyment of books and their understanding of how printed words and pictures communicate meaning.

The Success for All Foundation programs for young learners provide children with experiences that foster the abilities and attitudes necessary for their success in the primary grades. These programs support the development of children's language, literacy, math, science, interpersonal, and self-help skills.
