

Success for All
FOUNDATION®
A NATIONAL LEADER IN THE
SCIENCE OF READING FOR
OVER 30 YEARS.

The leading literacy tutoring program to help students catch up on reading.

Success for All Tutoring improves reading skills for students in grades one through eight.

We provide all the content material and a trained tutor!

It is a complete, evidence-based literacy program, guaranteed to help students get on grade level through support from highly trained tutors, planned content, assessment, and tracking.

We help schools manage and deliver an easy-to-use, highly effective tutoring package. Daily 30-minute sessions use a blended approach of in-person tutoring supported by a web-based tutoring platform. Students work in pairs to improve phonemic awareness, phonics, fluency, vocabulary, and comprehension through interactive, partner-supported games.

Students benefit from:

- Trained tutors who deliver the program to small groups.
- Web-based software that supports assessment and diagnosis.
- Engaging, targeted materials that motivate students.
- Detailed tutor guides and instructional materials.
- Expert knowledge that supports teachers and tutors.
- Clear reporting to track progress.
- Home Link videos and progress reports allow students to share their success at home.

Get your students back on track quickly with Success for All Tutoring,
 a research-proven, web-based literacy tutoring program for students in grades one through eight.

Assessment

An initial student reading assessment enables tutors and classroom teachers to decide on suitable pairings and at what point in the program they should start.

Regular Checks

Regular checks are carried out by the tutor, who decides when the pair are ready to move on to the next text in the tutoring program.

Progress Tracking

We provide online reports for tutors, teachers, and school leaders which monitor students' progress and reading achievement, including words mastered, reading levels, and fluency.

Tutoring with the Lightning Squad

In Tutoring with the Lightning Squad, students work in pairs to improve phonemic awareness, phonics, fluency, vocabulary, and comprehension through interactive, partner-supported games. Students can share their learning at home with online Home Links videos that reinforce the tutoring sessions. Tutoring with the Lightning Squad has a Tier I rating showing strong evidence from ESSA.

Tutoring with ThemeReads

In Tutoring with ThemeReads, Success for All's newest tutoring program, students work in pairs to improve their overall fluency, build vocabulary, and concentrate on comprehension of texts. Students read a variety of informational passages on wide ranging topics covering history, social studies, science, and more.

Students in Baltimore City using Success for All Tutoring grew 1.5 years during COVID-19 lockdown.

Give students a chance for success.

Together, reducing the achievement gap.

Our tutoring initiative is a partnership between SfA and Operam Education Tutoring. This brings together two highly successful and reputable experts in the fields of education recruitment and literacy tutoring.

Course content is provided along with set-up, assessment, and tutors to facilitate. The tutors are recruited, vetted, and trained by experts in their field, and will have a pre-requisite of teaching/teaching-support experience.

Our tutor recruitment process includes full background and employment checks, interviews, references, and clearance.

Tutors will work as part of your school's staff. One tutor can work with up to 40 students, delivering 10 tutoring sessions each day.

Benefit from a complete tutoring program, guaranteed to help your students catch up on lost learning:

- Trusted Tutors
- Engaging Content
- Science-Backed Assessments
- Progress Tracking

In a 2017 Johns Hopkins University study, students *doubled* their rate of growth in reading while participating in Success for All Tutoring.
